## Mustang Announces Representative in Costa Rica

**Twinsburg, Ohio, July 1, 2024:** Mustang Advanced Engineering and Mustang Dynamometer, American manufacturers of quality, industry-leading testing systems, equipment, dynamometers, and related products, has announced the agreement for representation and distributorship in Costa Rica with Bear-Cartek. The Cartek Group is an automotive service equipment manufacturer and reseller made up of 10 international companies owned by a private venture capital group.

With its U.S. HQ in Kalamazoo, Michigan, Bear has beginnings dating back to 1917 and their rich history of design and manufacturing auto equipment earned the reputation of ruggedness and top-quality. The Bear brand has belonged to different owners and entities, and since 1999, the Cartek Group has moved the Bear brand into the 21 century, manufacturing Bear brand products of the automotive industry in multiple markets.

“We’re looking forward to working with Bear to service a new region of the world and to be able to deliver our high-quality testing equipment and service to an expansive market in Central and South America.”, said David Ganzhorn, VP Sales. “The entire Mustang team takes great pride in providing unique testing solutions for demanding applications”.
